

## Risk Assessment Q10/20

### Iwade

Start on old A249 at signpost and foot bridge, TQ9038 6846 proceed north to turn left on Old Ferry Road (unclassified) (M), proceed to outskirts of Iwade village to turn left onto old A249 (M) through traffic calming to complete lap (1.94 miles). Complete further 4 laps to finish at poplar tree on old A249 TQ9075 6875 (10 miles)

#### Parking Restrictions.

There will be no competitor parking on any part of the course.

All parking, together with event admin of signing on and number allocation must be undertaken in Ridham Dock Road which is located off the Old Ferry Road, almost opposite the junction of Swale Way (Grid Ref TQ909690), nearest post code ME9 8SS.

All cars must be parked in an orderly manner and cause no obstruction to other road users. It is estimated that around 15 cars can be accommodated in the public part of the road, but the gateway to the slipway, or private part of the road beyond the Kingsferry Crossing are not to be obstructed.

#### Reminder for Duties of a Marshal.

Marshals do not have the authority to stop, direct or impede other road users.

Marshals are placed at strategic points around the course to warn riders of oncoming traffic and to indicate to riders the direction they should take

Location	Hazard Detail	Risk Reduction Measures	Risk
General	Promotion time meets C.T.T. requirements and standards		Low
Before event	Riders riding from parking area, warming up and waiting at roadside	Cycle event signs & instructions on signing on sheets	Low
<b>1</b> Start on old A249	Riders on line at timekeeper	No Additional Measures	Low
<b>2. Junction of Old Ferry Road</b>	Riders turn left, traffic from right	1 marshal, cycle event sign on road from RAB towards A249	Low
<b>3. Junction, Raspberry Hill Road.</b>	Minor road on right	Cycle event sign on Raspberry Hill Road.	Low
<b>4. Junction – old A249</b>	Riders turn left, through traffic calming. Traffic from right.	2 marshals. Cycle event signs on exit to Iwade	Low
<b>5. Finish</b>	Timekeeper	Chequered board/flag. Cycle event signs on approaches.	Low

Data supplied by Vic Williams – Issue 1 – Sept 2011
